

# Little Friends of the Museum

for P.S. 274: The New American Academy at Roberto Clemente State Park

## FINAL CELEBRATION

Wednesday, June 8th, 2022, 3:00 PM

Featuring Students at P.S. 274: The New American Academy at Roberto Clemente State Park

As part of the Bronx Children's Museum's Little Friends of the Museum Program, the children will research, design, and create a final work of art for our museum that will be inspired by the natural flora and fauna found along the Harlem River. Students will learn from museum teaching artists about how "water connects us all" and research the animal and plant life of the Harlem River and the Croton Watershed.

Through drawing, painting, and sculpture, students will imagine, design, and create work celebrating the natural history of the Bronx.
