

Rivers on the Go! Unity

at P.S. 47: John Randolph

FINAL CELEBRATION

Thursday, April 28th, 2022 at 9:00 AM

Featuring Students from P.S. 47: John Randolph

Bronx Children’s Museum is pleased to have presented its Rivers on the Go! Unity Program at P.S. 47 these past few months. The program explored how all cultures, including those of the students, are connected to the environment through fine arts. Students used the history of the Native Americans in the Bronx as a starting point to explore the fine arts through drawings, collage and textiles, and to celebrate each students’ culture.

Students experienced pride in their own culture, and an appreciation of the connections between people, art, and their environment.

JOIN US

for a final celebration!

Students will display a **community quilt** they created that acknowledges and honors their connection to nature, as well as their individual cultures and history.

P.S. 47 Students
